

Physics Club Presents
Summer Research Presentations

Come learn about what a few students did for their summer research, through the EXCEL program and outside Lafayette.

Friday the 17th, 24th, and Oct. 1st.

This Friday (17th):

**“ALFALFA Galaxy Groups Project”
by Ryan Payne (2012)**

**“The Eutectic Temperature of Sodium Sulfate Under High Pressure, with Applications to Europa”
by Jaclyn Avidon (2012)**

**All presentations in Hugel 100
12pm-1pm
(don't worry if you get out of class at 12:15—
come anyway!)**

Pizza and soda provided!
